

CAMP ACTIVITIES

Kids will also enjoy daily gallery time during camp!

Robo Mining	Join us for an exhilarating rover mission and discover the challenges of exploring the unknown using a robot.
Catapults	Kids engage themselves in a series of hand-on, creative and fun architectural engineering activities using unique cardboard shapes.
Tinker art	Make unique contraptions that introduce you to making art with the most fun and innovative techniques.
Anything but a brush!	Forget about traditional paintbrushes - in this activity, kids will use everyday objects and unexpected materials to apply paint and create stunning works of art.
Pendulum Painting	Watch as colorful swirls and patterns come to life before your eyes as kids explore the fascinating interplay of gravity, motion, and paint.
Messy Science	Get ready to mix and create colorful chemical reactions that will blow you away.
Marble Day	Prepare for a marblemous day of engineering, creativity, and gravity-defying fun! An exciting day of hands-on activities, challenges, and marblemazing adventures.
Linkages	Introducing the fascinating world of linkages-how things connect, move, and work together. Kids will enhance their problem-solving skills and imaginative thinking.
Tri-BOT-lon!	Participate in a series of challenges and engaging activities, where kids learn the basics of programming, problem-solving, and teamwork while having a blast building a one-of-a-kind obstacle course for their robots!
Space Hunt	Uncover hidden treasures scattered throughout the galaxy and you embark on an epic scavenger hunt to solve space-themed challenges and unlock the mysteries of the cosmos.
